

MONTHLY REPORT 30 JUNE 2023

FIRM AND FUND INFORMATION

Firm Overview:

Platinum Asset Management is a Sydney-based fundamental long/short equity fund manager established in 1994. Platinum's index-agnostic approach seeks to deliver long term absolute returns by looking beyond short-term market turbulence caused by events of a transient nature to seek out 'unfashionable' companies whose actual worth is greater than the value implied in their present share price. Similarly, when Platinum's research reveals that a company's prospects are overvalued, Platinum may short-sell such stocks. Platinum also seeks to protect capital via adjusting net exposure to markets.
