Arthur Cox 10 Earlsfort Terrace Dublin 2 Ireland

^{*} Denotes Independent Director (as defined in the Corporate Governance Code for Investment Funds as published by the Irish Funds Industry Association).

Background to the Company

Platinum World Portfolios plc (the "Company") was incorporated on 9 July 2014 as a public limited company under Irish Company Law, namely the Companies Act 2014, as amended, under registration number 546481. The Company is an open-ended umbrella investment company with variable capital organised under the laws of Ireland and is authorised and regulated by the Central Bank of Ireland (the "Central Bank") under the European Communities (Undertakings for Collective Investment in Transferable Securities) Regulations 2011, as amended, (the "UCITS regulations") and under The Central Bank (Supervision And Enforcement) Act 2013 (Section 48(1) (Undertakings for Collective Investment In Transferable Securities)) Regulations 2015, as amended, (the "Central Bank UCITS Regulations").

Unless otherwise provided for in this report, all capitalised terms shall have the same meaning herein as in the most recent prospectus of the Company (the "Prospectus").

The Company is organised in the form of an umbrella fund with segregated liability between sub-funds (each a "Fund", collectively the "Funds"). The Articles of Association provide that the Company may offer separate classes of shares, each representing interests in a Fund, with each Fund comprising a separate and distinct portfolio of investments.

As at 31 December 2017, the Company had three active Funds, namely, Platinum World - International Fund (the "International Fund"), Platinum World - Asia Fund (the "Asia Fund") and Platinum World - Japan Fund (the "Japan Fund") each of which commenced trading on 16 November 2015, with an investment of US\$ 10 million for International Fund and Asia Fund, and US\$ 5 million for Japan Fund.

Platinum World Portfolios - International Fund (the "International Fund")

The investment objective of the International Fund is to provide capital growth over the long-term, generally five to seven years, through investing 50% to 100% of its Net Asset Value (at the time of investment) in undervalued securities of companies located anywhere in the world.

Platinum World Portfolios - Asia Fund (the "Asia Fund")

The investment objective of the Asia Fund is to provide capital growth over the long-term, generally five to seven years, through investing 50% to 100% of its Net Asset Value (at the time of investment) in undervalued securities of companies in the Asian Region.

Platinum World Portfolios - Japan Fund (the "Japan Fund")

The investment objective of the Japan Fund is to provide capital growth over the long-term, generally five (5) to seven (7) years, through investing 50% to 100% of its Net Asset Value (at the time of investment) in undervalued securities of companies in the Japan Region.

As at 31 December 2017, the Funds have launched and made available for investments the following Share Classes:

Share Class	Class	Minimum Initial	Distribution	Voting
	Currency	Subscription	Policy	Class
Α	US\$	US\$ 500,000	Accumulating	Yes
В	US\$	US\$ 100,000	Accumulating	Yes

Notes to the Financial Statements (unaudited)

1. Accounting policies

Basis of preparation

The condensed unaudited interim financial statements for six months ended 31 December 2017 have been prepared in accordance with International Accounting Standard 34 "Interim Financial Reporting", the UCITS Regulations and the Central Bank UCITS Regulations.

These financial statements do not include all of the information required for full annual financial statements, and should be read in conjunction with the Company's most recent annual audited financial statements as at and for the year ended 30 June 2017.

The condensed interim financial statements are unaudited. The statutory auditors' report in the most recent annual audited financial statements as at and for the year ended 30 June 2017 was unqualified. The condensed interim financial statements are prepared under the historical cost convention as modified by the revaluation of financial assets and financial liabilities at fair value through profit or loss.

The preparation of the condensed interim financial statements requires the Directors and their delegates to make certain accounting estimates and assumptions. Actual results may differ from those estimates and assumptions. It also requires the Directors and their delegates to exercise judgment in the process of applying the Company's accounting policies.

Certain prior period amounts have been reclassified to conform to the current period presentation.

Other than below inclusion there have been no changes to the accounting policies, methods of computation and critical accounting estimates and judgements applied by the Company since the most recent annual audited financial statements for the year ended 30 June 2017.

Options

Each Fund may purchase and sell (write) call and put options on securities, securities indices, interest rates and foreign currencies traded on a national securities exchange or in an over-the-counter market.

When a Fund purchases a call or a put option, a premium is paid by the Fund. The premium on purchased put options exercised is subtracted from the proceeds of the sale of the underlying security, interest rate or foreign currency in determining the realised gain or loss. The premium on purchased call options exercised is included in determining initial fair value of the securities, interest rate or foreign currency purchased. Premiums paid on the purchase of options which expire unexercised are treated as realised losses. The option is subsequently marked to market to reflect the fair value of the option purchased, which is reported within financial assets at fair value through profit or loss on the Balance Sheet for each relevant Fund.

2. Taxation

Under current law and practice the Company qualifies as an investment undertaking as defined in Section 739B of the Taxes Consolidation Act, 1997, as amended. Accordingly, it is not generally chargeable to Irish tax on its income or gains. However, Irish tax may arise on the happening of a chargeable event in the Company. A chargeable event includes any distribution payments to shareholders, any encashment, redemption, cancellation or transfer of shares and the holding of shares at the end of each eight year period beginning with the acquisition of such shares.

No Irish tax will arise on the Company in respect of chargeable events in respect of:

- a shareholder who is neither Irish resident nor ordinarily resident in Ireland for tax purposes, at the time of the chargeable event, provided appropriate valid declarations in accordance with the provisions of the Taxes Consolidation Act, 1997, as amended, are held by the Company, or the Company has been authorised by the Irish Revenue to make gross payments in the absence of appropriate declarations;
- certain exempted Irish tax resident shareholders who have provided the Company with the necessary signed statutory declarations; and
- dividends, interest and capital gains (if any) received on investments made by the Company may be subject to
 withholding taxes imposed by the country from which the investment income/gains are received and such taxes
 may not have been recoverable by the Company or its shareholders.

For the six months ended 31 December 2017, withholding tax was US\$ 142,513 (31 December 2016: US\$ 41,679). With respect to capital gains tax, for the six months ended 31 December 2017, capital gains tax was US\$ 184,748 (31 December 2016: US\$ 27,213).

Notes to the Financial Statements (unaudited) (continued)

3. Cash and cash equivalents

All cash and cash equivalents, including overnight deposits at market rates, are held with State Street, which has a long term credit rating of A by Standard & Poor's as at 30 June 2017 and 31 December 2017.

4. Share capital

The share capital of the Company was at all times equal the net asset value of the Company. The Directors are empowered to issue up to five hundred billion (500,000,000,000) Shares of no par value in the Company at the net asset value per Share on such terms as they think fit. There are no rights of pre-emption upon the issue of Shares in the Company.

Subscriber shares

The Company issued 2 subscriber shares to the value of €2 on the date of incorporation of the Company. The subscriber shares do not participate in the assets of any Fund and are held by Kevin Murphy and Sarah Cunniff, former Directors of the Company and employees of the Company's legal advisers in Ireland.

The subscriber shares' entitlement is limited to the amount subscribed and accrued interest thereon. The subscriber shares entitle the Shareholders holding them to attend and vote at all meetings of the Company, but do not entitle the holders to participate in the dividends or net assets of any Fund or of the Company.

Anti-dilution levy

In the event of receipt for processing of net subscription or net redemption requests subscriptions to and redemptions from Funds will incur an "anti-dilution levy" representing a provision for market spreads (the difference between the prices at which assets are valued and/or bought or sold), duties and charges and other dealing costs relating to the acquisition or disposal of assets and to preserve the value of the underlying assets of a Fund.

The anti-dilution levy will be subject to regular review by the Directors and are based on actual costs up to a maximum of 0.25% of the value of any net subscription or net redemption of each class of shares of each Fund. Any such provision will be added to the price at which shares will be issued in the case of net subscription requests and deducted from the price at which shares will be redeemed in the case of net redemption requests. Any such sum will be paid into the account of the relevant Fund. Anti-dilution levies applied to the six months ended 31 December 2017 was US\$ 160,410 (31 December 2016: US\$ 12,354).

Redeemable participating shares

Each of the Participating Shares entitles the shareholder to participate equally on a pro rata basis in the dividends and net assets of a Fund attributable to the relevant class in respect of which they are issued, save in the case of dividends declared prior to becoming a shareholder. The Subscriber Shares' entitlement is limited to the amount subscribed and accrued interest thereon.

Redeemable participating shares may be redeemed on each dealing day which is each business day at the net asset value per share based on mid prices.

All voting shares issued entitle the holder to attend and vote at meetings of the Company and of the Fund represented by those shares. No class of shares confers on the holder thereof any preferential or pre-emptive rights or any rights to participate in the profits and dividends of any other class of shares or any voting rights in relation to matters relating solely to any other class of shares.

On a winding up or if all of the shares in any Fund are to be repurchased, the assets available for distribution (after satisfaction of creditors' claims) shall be distributed pro rata to the holders of the shares in proportion to the number of the shares held in that Fund. Where upon final settlement of the Company's creditors results in an excess of assets over liabilities of the Company, such excess will be paid to the Company's final shareholder.

If repurchase requests on any Dealing Day exceed 10% of the total number of shares in a Fund, the Directors may elect to restrict the repurchase requests to 10% or a higher percentage, in which case all the relevant requests will be scaled down to pro rata and treat any excess repurchase requests as if they were received on each subsequent Dealing Days and these requests shall be prioritised over any repurchase requests received for subsequent Dealing Days, except where the Net Asset Value determination has been temporarily suspended.

5. Efficient portfolio management

The Company employs techniques and instruments relating to transferable securities, money market instruments, securities lending transactions, repurchase agreements and/or other financial instruments in which they invest for efficient portfolio management purposes.

At any time a Fund may hold a combination of instruments such as futures, options, swaps, forward foreign currency contracts, warrants and convertible securities any of which may be listed or over-the-counter, subject to the restrictions set forth in the Prospectus and to the extent consistent with the Fund's investment objective and policies.

The use of techniques and instruments relating to transferable securities, money market instruments and/or other financial instruments in which the Funds invest for efficient portfolio management purposes will generally be made for one or more of the following reasons:

- i) the reduction of risk;
- ii) the reduction of cost; or
- iii) the generation of additional capital or income for the relevant Fund with an appropriate level of risk, taking into account the risk profile of the Fund and the risk diversification rules set out in the UCITS Regulations and Central Bank UCITS Regulations issued by the Central Bank.

The use of financial derivative instruments ("FDI") and efficient portfolio management techniques for the purposes outlined above will expose the Fund to the risks including (but not limited to) Derivative risk, Credit risk, Counterparty risk and Collateral risk. Please refer to the Portfolio of Investments for range of FDIs and repurchase agreements which the Fund may have used for efficient portfolio management purposes during the period under review.

Please refer to the Prospectus for details of all the risks the Fund might be exposed to due to the use of FDI and efficient portfolio management techniques.

The risks arising from the use of such techniques and instruments shall be adequately captured in the Company's risk management process.

All the revenues arising from efficient portfolio management techniques employed shall be returned to the relevant Fund following the deduction of any direct and indirect operational costs and fees arising.

Such direct and indirect operational costs and fees, (which are all fully transparent) which shall not include hidden revenue shall include fees and expenses payable to repurchase/reverse repurchase agreements counterparties and/or securities lending agents engaged by the Company from time to time. Such fees and expenses of any repurchase/reverse repurchase agreements counterparties and/or stock lending agents engaged by the Company, which will be at normal commercial rates together with VAT, if any, thereon, will be borne by the Company or the Fund in respect of which the relevant party has been engaged.

Notes to the Financial Statements (unaudited) (continued)

5. Efficient portfolio management (continued)

Realised and unrealised gains and losses on efficient portfolio management transactions during the period and prior period under review are recognised within net investment income in the Statement of Comprehensive Income.

None of the Funds entered into securities lending arrangements, total return swaps or repurchase agreements during the six months ended 31 December 2017 (31 December 2016: US\$ Nil), therefore the Funds are not subject to the securities financial transactions regulations ("SFTR"). Counterparties are disclosed at the base of the Schedules of Investments.

6. Financial Instruments

(a) Financial risk management objectives, policies and processes

In pursuing its investment objectives, the Company is exposed to a variety of financial risks: market risk (including interest rate risk, currency risk and price risk), credit risk and liquidity risk which could result in a reduction in the Company's net assets. The Company's overall risk management program focuses on the unpredictability of financial markets and seeks to minimize potential adverse effects on the Company's financial performance.

The Company's policies and processes for managing the risks of the Funds are detailed in the Prospectus.

The Company's financial risk management objectives and policies continue to be consistent with those disclosed in the Company's Annual Report and Audited Financial Statements as at and for the year ended 30 June 2017.

(b) Fair Value Hierarchy

The Funds classify fair value measurements using a fair value hierarchy that reflects the subjectivity of the inputs used in making measurements.

The fair value hierarchy has the following levels:

- (i) quoted prices (unadjusted) in active markets for identical assets or liabilities (level 1);
- (ii) inputs other than quoted prices included within level 1 that are observable for the asset or liability either directly (as prices) or indirectly (derived from prices) (level 2); and
- (iii) inputs for the assets or liability that are not based on observable market data (unobservable inputs) (level 3).

Various inputs are used in determining (measuring) the fair value of each Fund's investments. Each Fund classifies fair value measurements using a fair value hierarchy that reflects the significance of the inputs used in making the measurements. Assessing the significance of a fair value measurement requires judgment, considering factors specific to the investment. Such factors may be observable or unobservable. The determination of what constitutes "observable" also requires judgment by the Investment Manager. The Funds consider observable data to be market data that is readily available, regularly distributed or updated, reliable and verifiable, not proprietary, and provided by independent sources that are actively involved in the relevant market.

Notes to the Financial Statements (unaudited) (continued)

6. Financial instruments (continued)

(b) Fair Value Hierarchy (continued)

The Funds' policy is to recognise transfers into and transfers out of fair value hierarchy levels as at the end of the reporting period. There were no transfers between levels 1 and 2 for any assets or liabilities measured at fair value during the six months ended 31 December 2017 or year ended 30 June 2017.

Valuation techniques used to classify assets and liabilities as level 1

All Equities held by the Funds are valued based on quoted prices in active markets. Accordingly, all equity securities are classified as Level 1 in the fair-value hierarchy model.

Valuation techniques used to classify assets and liabilities as level 2

There are some financial instruments that have been classified as level 2, because there is a degree of adjustment made to the quoted price i.e., whilst all significant inputs required for fair value measurement are observable and quoted on an active market, there is a degree of estimation or adjustment involved in deriving the fair value. Examples include:

- foreign currency contracts are classified as level 2 even though forward points are quoted in an active and liquid market. The forward points themselves are based on interest rate differentials;
- Participation Notes/warrants are classified as level 2 because they are traded over-the-counter and are often priced in a different currency to the underlying security;
- Over-The-Counter (OTC) equity swap contracts: are classified as level 2 because, (i) the swap contract itself is not listed and therefore there is no directly observable market price or (ii) the price is sourced from the relevant counterparty, even though the price (and in the case of option; the relevant delta) can be verified directly from Bloomberg or verified using option pricing models.
- certain index derivatives are classified as level 2, because the Funds may agree with the counterparty to
 include or exclude one or more securities that make up the "basket" of securities that comprise the index
 derivative. Hence, the quoted price of the index derivative would be very similar, but not identical to the
 index derivative that the Funds hold.

7. Significant agreements and other expenses

Administrator's fee

The Company has appointed State Street Fund Services (Ireland) Limited (the "Administrator") as Administrator under the terms of the Administration Agreement to carry out the general administration and accounting of the Company and to act as registrar and transfer agent to the Company.

The Company pays the Administrator, out of the assets of each Fund, an administration fee of up to 0.07% per annum of the Net Asset Value of each of the Funds, subject to a total minimum annual fee for each Fund of US\$ 50,000 per annum. The minimum annual fee was waived for the first twelve months from date of launch of each Fund.

Additional fees will be applied for provision of incremental services including, but not limited to, financial reporting, tax services, KIID reporting and risk services. Such fees will be agreed from time to time between the Administrator and the relevant Fund.

The fee is calculated and accrued on each Dealing Day and payable monthly in arrears. In addition, the Administrator shall be entitled to be reimbursed its reasonable vouched out-of-pocket expenses, transaction and account fees.

Each Fund will bear its proportion of the fees and expenses of the Administrator.

The total Administrator fees incurred by the Company for the period were US\$ 130,596 (period ended 31 December 2016: US\$ 38,417) and the fees payable at period end were US\$ 27,183 (as at 30 June 2017: US\$ 84,336).

Depositary fee

The Company has appointed State Street Custodial Services (Ireland) Limited (the "Depositary") under the terms of the Depositary Agreement to act as Depositary of the Company's assets.

The Depositary fee comprises a fee of up to 0.2% per annum of the Net Asset Value of each of the Funds (together with VAT, if any, thereon) exclusive of transaction charges, which shall be charged at normal commercial rates, (plus VAT, if any). The Depositary fee is calculated and accrued on each Dealing Day and is payable monthly in arrears.

7. Significant agreements and other expenses (continued)

Depositary fee (continued)

In addition, the Depositary shall be entitled to be reimbursed its reasonable fees and customary agents' charges paid by the Depositary to any Sub-Depositories (which shall be charged at normal commercial rates) together with value added tax, if any, thereon.

The total Depositary fees incurred by the Company for the period ended 31 December 2017 were US\$ 262,920 (period ended 31 December 2016: US\$ 2,575) and the fees payable at period end were US\$ 43,251 (as at 30 June 2017: US\$ 84,123).

Investment Management fees

Under the Investment Management Agreement, the Company pays to Platinum an investment management fee on the Shares consisting of a base fee (described below as the "Base Fee").

The applicable proportion of Base Fees for each class of Shares are displayed in the table below.

Platinum may determine to waive its right to take the full amount of investment management fees to which it is entitled on any particular day or days. Platinum may exercise its discretion to do this without prejudice to its entitlement to take the full amount of the investment management fee accruing on any future days.

Fund	Class A Shares	Class B Shares	Class D Shares	Class F Shares	Class G Shares
	Base Fee				
International Fund	0.75%*	1.40%	1.40%	1.40%	0.75%*
Asia Fund	0.75%*	1.40%	1.40%	-	-
Japan Fund	0.75%*	1.40%	1.40%	1.40%	-
Fund	Class H Shares	Class I Shares			

ruliu	Class II Silales	Ciass i Silaies	
	Base Fee	Base Fee	
International Fund	1.40%	-	
Asia Fund	-	0.75%*	
Japan Fund	-	-	

^{*} Plus 15% Performance Fee.

The Base Fee is a fixed percentage of the Net Asset Value of each Fund attributable to the class per annum accrued on each Dealing Day and paid monthly in arrears. In addition to the investment management fee described above, Platinum shall be entitled to be reimbursed its reasonable vouched out-of-pocket expenses. Each Fund shall bear pro rata its share of such out-of-pocket expenses.

Platinum has agreed to waive all or a portion of its investment management fee to the extent necessary to ensure that the total fees (including all fees of the Administrator and the Depositary) and the out-of-pocket expenses allocated to a Fund in any fiscal year, excluding any Performance Fee, do not exceed the level of Net Asset Value attributable to each class of shares of such Fund as set out in the table below:

Fund	Class A Shares	Class B Shares	Class D Shares	Class F Shares	Class G Shares
International Fund	1.00%	1.65%	1.65%	1.65%	1.00%
Asia Fund	1.00%	1.65%	1.65%	-	-
Japan Fund	1.00%	1.65%	1.65%	1.65%	-
Fund	Class H Shares	Class I Shares			
International Fund	1.65%	-			
Asia Fund	-	1.00%			
Japan Fund	-	-			

Platinum is the Investment Manager of the Company. For these services during the period Platinum earned a net fee of US\$ 771,086 (period ended 31 December 2016: US\$ 187,387) representing the amount received after deducting for the voluntary cap reimbursement. Platinum has undertaken to limit the annual expenses for each class through the use of a voluntary cap. The application of the voluntary cap has resulted in a reimbursement of US\$ 481,164 (period ended 31 December 2016: US\$ 184,091).

7. Significant agreements and other expenses (continued)

Performance fees

The Investment Manager will be entitled to receive a Performance Fee out of the assets of the Fund in respect of Class A, Class G and Class I shares. The Performance Fee is 15% of the amount by which the Fund outperforms its Benchmark Index for the relevant period (after deduction of the Base Fee but before the deduction of any accrued Performance Fee). If the return on the Fund in any year is less than its Benchmark Index, the difference for that year will be carried forward and applied against the subsequent year's return for the Fund for the purpose of calculating a Performance Fee. The shortfall will be carried forward until a Performance Fee becomes payable. No Performance Fee can be paid unless all prior underperformance has been clawed back. The Japan Fund accrued a performance fee of US\$ 54,337; International Fund accrued US\$ 217,692 and Asia Fund accrued US\$ 1,019,581 during the period under review (period ended 31 December 2016: Japan Fund US\$ 3,870; International Fund US\$ Nil; Asia Fund US\$ Nil).

Establishment expenses

All expenses relating to the establishment of the Company were borne by Platinum.

Directors' fees

The disclosure relating to Directors' fees is included in note 8.

Allocation of fees and expenses

All fees, expenses, duties and charges will be charged to the relevant Fund and within such Fund to the classes in respect of which they were incurred. Where an expense is not considered by the Directors to be attributable to any one Fund, the expense will normally be allocated among the Funds based on a relative net asset allocation, an equal allocation, or other allocation methodologies determined by the nature of the expense. In the case of any fees or expenses of a regular or recurring nature, such as audit fees, the Directors may calculate such fees or expenses on an estimated figure for yearly or other periods in advance and accrue them in equal proportions over any period.

8. Related party transactions

The following note summarises the related parties and related party transactions during the current and prior period.

Transactions with entities with significant influence

On 16 November 2015, Platinum seeded the three Funds for the following amounts (Class D Shares):

Fund Name	Number of shares	Seeding Amount US\$	Net Asset Value 31 December 2017 US\$	Net Asset Value 30 June 2017 US\$
International Fund	1,000,000	US\$ 10,000,000	13,246,000	11,574,000
Asia Fund	1,000,000	US\$ 10,000,000	15,031,000	12,433,000
Japan Fund	500,000	US\$ 5,000,000	7,532,500	6,339,500

In January 2018, Platinum increased its seed capital by US\$ 15,000,000 in the Japan Fund.

Director Stephen Menzies is also a Director of Platinum Asset Management Limited, which is the parent company of Platinum.

Directors Fees charged, including insurance and PAYE compliance expenses, during the six months ended 31 December 2017 were US\$ 54,040 (six months ended 31 December 2016: US\$ 41,020) and total fees payable were US\$ 18,468 (30 June 2017: US\$3,392).

Investment Manager

Platinum is the Investment Manager of the Company. Please refer to Note 7 for further details of fees paid to the Investment Manager.

Related Party Shareholders of the Company

Excluding the two subscriber shares issued on the date of incorporation, Platinum is one of forty shareholders of the Funds as at 31 December 2017, although Platinum has non-voting shares.

8. Related party transactions (continued)

Connected Party Transactions

Regulation 41 of the UCITS Regulations "Restrictions of transactions with connected persons" states that "A responsible person shall ensure that any transaction between a UCITS and a connected person conducted a) at arm's length; and b) in the best interest of the unit-holders of the UCITS".

As required under UCITS Regulation 78.4, the Directors, as responsible persons are satisfied that there are in place arrangements, evidenced by written procedures, to ensure that the obligations that are prescribed by Regulation 41(1) are applied to all transactions with a connected party; and all transactions with connected parties that were entered into during the period to which the report relates complied with the obligations that are prescribed by Regulation 41(1).

9. Exchange Rates

The rates of exchange ruling at 31 December 2017 was:

119	S D	ol	lai	r 1	=

Australian Dollar	1.2807	Japanese Yen	112.6800

Hong Kong Dollar	7.8073	Taiwan Dollar	30.4200
Indian Rupee	64.6375	Thai Baht	33.9700

10. Distribution policy

It is not proposed to declare a distribution in respect of the shares of the Funds (except in respect of the distributing Share classes) and the net income and capital gains arising will be accumulated.

11. Cross liability

The Company is an investment company with segregated liability between Funds. This ensures that the liabilities incurred on behalf of a Fund of the Company under Irish law will generally be discharged solely out of the assets of that Fund and under Irish law there generally can be no recourse to the other Funds to satisfy those liabilities. Notwithstanding the foregoing, there can be no assurance that, should an action be brought against the Company in the courts of another jurisdiction, the segregated nature of the Funds would necessarily be upheld. In addition, whether or not cross-liability exists between Funds, proceedings involving a Fund could involve the Company as a whole and could potentially affect the operation of all Funds.

12. Soft commission arrangements

No soft commission arrangements were entered into during the current or prior period.

Notes to the Financial Statements (unaudited) (continued)

13. Significant events during the Period

On 18 October 2017, Japan Fund created an additional share class, Class F (EUR).

14. Significant events since the Period end

There were no other significant events affecting the Company since the period end.

15. Approval of the financial statements

The financial statements were approved by the Directors on 15 February 2018.

Schedule of Investments (unaudited)
